Recruiting Protocol

Flyin Portman Recruiting

Congratulations on Becoming a Flyin Portman Member!

As an organization we have designed a process where we will be always be looking for new members to join. This process allow us to recruit only the best fit for our vision and culture we had created. Our recruiting process allows anyone the opportunity to apply and to be scouted, not all gamers that apply may become a member. Our scouts fill out a dedicated form to help determine a gamer is the right fit them for Flyin Portman.

This process is consistently be reviewed and updated due to possible future expansion of the Flyin Portman Organization.

Portman Structure

Corporate USA Structure Chemistry

We have adopted the typical USA corporate structure for our organization. We redesigned this structure to benefit and maximize our ideas for future growth.

As we grow, we will be Beta Testing and assigning stretch assignments, as well as promoting throughout the year. You may volunteer to help at any time. You also maybe asked for input. If we ask you personally for help and you are unwilling to help, please immediately tell us about any restrictions or obstacles you may have. There will be no retaliation for this. Please keep in mind that anyone in our organization with specific rank (position) may receive more responsibility to help communicate changes and adaptations.
